Bursary Application Information

Bursaries are available to Canadian citizens, permanent residents and protected persons who demonstrate financial need. To apply for a bursary, please complete the bursary application form and email it to outreach@engineering.utoronto.ca along with the all relevant Notices of Assessment (NOA) from the most recent tax year.

Please note: the granting of bursaries is reliant on continual communication with the Engineering Outreach Office including:

1. Submission of the complete bursary application package that includes all relevant Notices of Assessment from the **most recent** tax year
2. Completion of the application form
3. Prompt email correspondence surrounding the bursary application, providing clarification or additional details as requested

Based on the bursary application provided, U of T Engineering Outreach, through the generous support of funders, is able to award bursaries ranging from 45% to 95%. Proof of total family income is assessed on a case by case basis - if this figure alone is not sufficient to support financial need, families may present supplementary material.

Bursary applications can be submitted at any time from when a program is announced until a program reaches capacity or registration closes.

The submitted bursary application will be reviewed by the Engineering Outreach Office. While we do our best to process applications as quickly as possible, the assessment process may take up to five business days from the day the completed bursary application is received.

In the event that a family is unable to submit their proof of total family income and demonstrate financial need prior to the start of the program, they will not be admitted and their spot in the program will be given to the next participant on the waitlist.

While our ability to assess applications does rely on an applicant's ability to submit the required documents, we also are committed to access. We are aware that there may be circumstances in which families might not be able to submit all requested documents and we want to work together to help. Please contact Eva Peringer, Events & Administrative Officer, to discuss how we can support your family through the process.

Bursary Application Form

Please submit the completed application to outreach@engineering.utoronto.ca

This form is an application for the U of T Engineering Outreach Program Bursary only. You will need to register separately for the program(s) for which the bursary is being requested. Each year the amount of funding available varies based on the number of bursary applications submitted and the level of funding support our bursary program receives. You are eligible to apply for an Engineering Outreach bursary if you are a Canadian citizen, permanent resident or protected person with demonstrated financial need. We further encourage you to speak with your child's school and service groups in your community for additional sources of financial assistance.

Applicant (Parent/Guardian)

Parent/Guardian 1

Last Name: _____ First Name: _____

Email Address: _____ Phone: _____

Employer: _____ Title/Occupation: _____

Parent/Guardian 2 (if applicable)

Last Name: _____ First Name: _____

Email Address: _____ Phone: _____

Employer: _____ Title/Occupation: _____

Participant

Last Name: _____ First Name: _____

Have you been a previous participant in any Engineering Outreach program? Y N

(If so, please specify, below.)
